Local Ball Club In Last Game At Home On Sunday

Kielhofer's Blow in Last Of Tenth Drive In Victory Runs

In the most exciting and interesting game of the season, the Truckee Tahoe Mountaineers Sunday defeated the Colfax Fireballs here 8 to 7 in 10 hard-played innings.

From the first crack of the bat, the game was nip and tuck, although Truckee led by a 4 to 2 margin when the contest reached the end of the fifth inning. In the sixth, Colfax went ahead when the visitors found the offerings of Charles Perry, starting pitcher for the locals. With the score 4 to 5 favoring the Fireballs in the sixth, Colfax at bat, the bases full and one out, Manager Tom Dolley replaced Perry with Frank Giovannoni. The latter retired the side without another run and from then out pitched a good, consistent game with fine support from the field.

The contest went into the 10th frame with the score tied 6 to 6. Colfax scored a run in the top half of the inning and with one out for Truckee, Harvey Martin singled. Les Davidson hit a double, putting Martin of third.

It was at that point that Karl Kielhofer proved himself the hero of the day. In his second time at bat, Karl smacked a nice single into right field, scoring the two winning runs.

Eddie Ulsheimer banged out four hits in five trips and is believed to now head the hitters in the league. Ulsheimer at short and Bill Conners at third have played consistently good baseball this season and have contributed a lot to the games won. Giovannoni hit 3 for 5 and Davidson hit 2 for 5 as did Williams and Conners.

The stands were crowded with fans from both towns and the game kept them in a turmoil with Umpire Short contributing somewhat to the frenzy through his decisions.

Next Sunday Truckee ends its home plays with Placerville here. The season ends the following weekend when the Mountaineers go to Nevada City.

HOSPITAL CALLS FOR BIDS FOR 8-INCH SEWER

Marking the first step in the construction of the proposed new Tahoe Forest Hospital, bids for the installation of 2130 feet of sewer pipe will be opened by the board of directors meeting here Thursday, August 10.

The right of way for the line was secured from James McIver, owner of the property over which the line will run from the hospital site to the present sewer line near the A. E. Burlingham home on West Main Street.

The sewer will be of eight-inch pipe, with the necessary man holes and several Y joints installed for future hookups if required.

Forest Fires In This Area Keep Crews On Move

"Worst Yet To Come" Says Forest Official In Plea

The seventh fire of the 1950 fire season on the Truckee District of the Tahoe National Forest occurred near Chamber's Lodge, Lake Tahoe, when sparks from a power falling saw ignited dry duff on July 25.

Rough terrain and heavy brush, fanned by a stiff wind, hampered fire fighters for two and a half hours before combined efforts of fire forces from General Creek Guard Station, Chamber's Lodge, Meeks Bay and the Tahoe Forest brought the fire under control. Property was owned by L. L. Noonchester of the Lake Tahoe Gold Mining Company.

"We have our two worst months still ahead of us," says William F. Curran, fire control officer of Truckee. "August and September are months of high winds and the forest cover is becoming dryer each day. Protection of the forests is everyone's job. You can help by seeing that fires are not started by your carelessness. If you do see a fire starting, report it to the nearest ranger."

A small fire on the property of Hildegarde Roberts of Fresno was extinguished by the Forest Service suppression crew from Truckee. Fire was reported by Martis Peak Lookout at 3:04 p.m. August 1 near Donner Lake. Quick detection was credited to limiting the acreage burned.

"Your property and homes are being watched every minute of the day by these fire lookouts. Don't confuse them by starting unnecessary fires. Check with your local ranger before burning debris," Curran warned.

SCHOLAR PRIZES ARE GIVEN TO BOY AND GIRL

The AAUW Scholarships were awarded this year to Lois Horsley of Truckee and Robert Dockham of Tahoe City. The amount of the scholarship is $75 for each for one semester. It will be given to these two again for the second semester, the amount depending upon the results of a fund raising drive this fall.

The scholarship has been named the Bliss Hinkle Scholarship, in memory of the late Mrs. Hinkle, widely known local educator and historian and member of a pioneer Truckee family, who died two years ago. She was the first president of the Tahoe-Sierra AAUW.

The next meeting of the group will be a luncheon meeting Tuesday, August 8, at the North Shore Club at Lake Tahoe. A business session will follow at the Brockway home of Mrs. T. G. Robertson.

There is every reason to believe that the Truckee River and its tributary streams can be benefitted from the unapportioned $400,000 left in the state fish and wildlife conservation board fund. There is one important factor, however, in this assumption — the plan must have the united and continued support of every local organization and sportsman. There are many areas throughout the state which would welcome this financial aid and many are asking for it. We are fortunate here in having a natural advantage in that our streams are adaptable to a check dam program. We are also fortunate in having the support of our lawmakers, Senator Johnson and Assemblyman Lindsay, who will lend every effort in our behalf. Our local organizations should get behind the program with able committees to work with the Truckee Outdoor Sportsmen. The program is of the utmost importance and if accomplished should do more to make fishing again a major asset to the community than anything we can do. The money is available—the work is necessary—but without support of the 100 per cent variety, we may as well forget fishing in this immediate area.

Development of new industries in Truckee, including the Truckee Lumber Company and Ferguson Brothers, each of which is spending several thousand dollars in new plants which will employ a rather large number of men the year 'round, is encouraging indeed. Truckee has long been a potential center for new industries and we believe the ground now has been broken for more rapid and solid expansion than we have ever experienced here. The community extends a hearty welcome and best wishes to the newcomers.

McIVER INJURED IN MILL MISHAP HERE THIS A. M.

James McIver, widely known Truckee man, was rushed to the Washoe Medical Center shortly before noon today following a mishap at the Truckee Lumber Company sawmill. According to fellow workmen, McIver was crushed between a log and the carriage at the mill.

A report to Mrs. McIver a short time later assured her that the injuries were not serious, although McIver suffered shock and considerable pain.

Leitch said one book, consisting of approximately 280 pages, will contain the alphabetical and classified listings for Butte, Nevada, Sutter, Yuba and parts of Sierra Counties. A second book consisting of approximately 200 pages will include listings for Amador, El Dorado, Placer, Sacramento, Yolo and parts of Solano Counties.

Woman Seriously Injured In Auto Crash Near Here

Car Out of Control On Tahoe Highway Rolls Over Passenger

Vera Yum Young, 41, is battling for her life in a Reno hospital following an automobile accident on the Truckee - Tahoe City road Saturday evening at 5:45 o'clock.

Mrs. Young was crushed under a car driven by Ten Choon Lee, 50, also of Stockton, when the vehicle got out of control and overturned four and a half miles south of Highway 40.

Witnesses told State Patrolman Roy Stallard, who investigated, that the late model car rounded a curve and the driver apparently lost control, the car swerving from one side of the highway to the other until it ran up an embankment and turned backward upon the prostrate passenger, who had been thrown out.

The Truckee ambulance rushed the injured woman to Dr. L. D. Nelson, who gave emergency treatment and then sent her to the Washoe Medical Center. She was found to have four fractures of her pelvis, broken legs and ribs and internal injuries.

Year 'Round Pool At Beacon Hill To Be Open Saturday

Elmo Moriano, owner and manager of Beacon Hill Lodge on Donner Summit, announces that the official opening of his new year 'round swimming pool will be celebrated Saturday night with a costume party, dancing and a buffet supper. Everyone is invited to participate in the event.

The new pool, 50 by 30 feet and kidney shaped, holds 5700 gallons of water. It is designed so that on the deep end the water is nine feet deep and it tapers to two feet in the shallow end. The water is heated with a million BTU heating plant and will keep the water at a constant warmth even during the coldest weather in winter, Moriano said. It is surrounded by an eight-foot redwood fence and locker rooms are available.

The radiant heated sidewalks will prevent snow from accumulating and guests will find the pool and surrounding area comfortable throughout the year. The water, being filtered, is pure at all times and has been given a stamp of approval by state health officials.

An orchestra has been employed for the party Saturday night and the public is invited.

Gifford, former Truckee resident, reversed himself to enter a plea of guilty to an attempted burglary of the Cozy Spot, a restaurant between Auburn and Newcastle, and has been sentenced by Judge Lowell Sparks of Placer County to spend one year in the county jail. Two other charges of burglary against him were dropped.

A companion, R. J. Kennedy, was also sentenced to jail on two counts of burglary. Both were accused of burglarizing the Wittich Ford Garage at Colfax some weeks ago.

Survey Planned For Check Dams In This District

State Officials Scheduled To Visit This Area Sept. 5 - 6

September 5 and 6 have been tentatively set as dates for an official survey of the Truckee River and its tributaries in a move to secure a series of check dams designed to improve fishing conditions in the area.

These dates were decided upon at a meeting of the Truckee Outdoor Sportsmen on Thursday night when State Senator Harold Johnson of Roseville and Assemblyman Francis Lindsay of Loomis attended and outlined a program necessary to secure aid from the State Wildlife Conservation Board. Johnny Ciardella presided at Thursday's meeting.

Senator Johnson said he would discuss the matter with state officials and he felt sure that Assemblyman Lester Davis of Portola would lend his aid in securing the dams. It is also hoped that men from Seth Gordon's staff will be on hand to assist in the check.

Gordon has been employed by the state to head its wildlife conservation board. He came to California from Pennsylvania where outstanding success marked his position as game commissioner. His department here was allocated a total of $9,000,000 and of this approximately $400,000 is still available, Johnson said, and from this amount it is hoped to secure sufficient money to construct the local dams.

Gordon is a believer in check dams as a substitute for the costly annual re-stocking. The plan was inaugurated in 1925 in Toulumne County and has produced excellent results. Two dams have been constructed at Stonyridge and Craig Lake and their function is to maintain a constant flow of water in Meeks Creek which empties into Lake Tahoe. These dams are constructed through the aid of the California Youth Authority and it is possible that such a plan will be inaugurated in this area.

Initial cost of adequate check dams is high but once installed, it was pointed out, a constant and adequate flow of water can be anticipated through regulatory means and natural spawn will permit the streams to develop themselves by providing ample water every day of the year.

The members of the club and their families attended the weiner roast and meeting of the Cub and Boy Scouts and their families held at the baseball park Monday evening.

Felony Charges Filed Against Truckee Man

Truckee officers are seeking Melvin G. McEwen, 25, who faces two felony charges filed against him in the Truckee justice court.

The first charge was filed by his wife, Lorraine, of Truckee, who told Deputy Sheriff Fosten Wilson that after she had filed suit for divorce, her husband came to her room and choked her and left her unconscious. For this he is charged with felonious attack.

The young man is also charged with the theft of an automobile in which he is said by officers to have made his escape.

MAJOR CHANGES PLANNED AT TAHOE RESORT

BROCKWAY— Peter Pitta and Gobe Lewis, owners of Cal Vada Lodge at Crystal Bay, were hosts last Thursday night to a small group of friends at a Syrian dinner prepared by Mrs. Mickey Zahlous, famous for her Syrian culinary art.

The owners, who recently purchased the entire furnishings of the new Tahoe Biltmore Hotel at Crystal Bay, announced they are now sole owners, having bought out a former partner, Mac Barrett, who has left for the coast. They have secured the services of a San Francisco architect, who is busily at work designing a complete new lodge building and they plan to start tearing down the old Cal Vada Lodge at the end of the present season and to build one of the finest resorts on the lake. Even the name will be changed at an early date.

The new lodge will be equipped with a new and modern electric kitchen, a large lounge and dining room, cocktial bar, spring dance floor and the hotel and cabins will be completely redecorated and refurnished.

Big name orchestras and floor shows are already being secured for next season and featured will be the services of a nationally known chef, the owners said.

SWANEE'S TAHOE LETTER

Tahoe City, July 31, 1950

Dear Tahoeites—

Am certainly enjoying my job at the Chamber of Commerce booth these days, for not only has the weather been grand, but it is so satisfying to sit and watch the trout jumping in the cool green waters of the Truckee. On Tuesday last just before noon a half grown doe wandered into the clearing across the river, remaining to eat the lush green grass and sip occasionally from the bring for over half an hour. She seemed oblivious to the passing cars and trucks as she flapped her big ears and wiggled her powder puff tail warding off mosquitos. She finally wandered off down the river leaving me sorry I did not have a telescopic lens on a camera to have captured her reflected grace in the river waters.

Last Thursday had a pleasant surprise when the Glenn Greenes of Pasadena, accompanied by grandson Billie Cannon, dropped in to say howdy. Together with their son-in-law and daughter, Mr. and Mrs. Gordon Cannon of Pasadena and sons David, Glenn and Billie, they enjoyed two weeks camping out at the State Park campgrounds near Tahoe City. They too welcomed me back on the job and declared they were delighted to be back in the Truckee-Tahoe area for a visit where they still retain many old friends. Greene is now employed by the California Institute of Technology at Pasadena where he is manager of campus, residence and dining halls. Approximately 650 students and faculty members are housed there and 3500 meals are served each day.

Also had the pleasure of a visit last week from Mrs. Myrtle Gallinger, for so many years the principal of the Tahoe Lake Elementary School here. She was accompanied by her dog Major and is enjoying her well earned rest from school duties. She and her husband, Phil, plan to remain at the lake until around the first of September. No other teacher will ever be more beloved by the youth of this lake area than this devoted teacher who gave through the years not only of her knowledge, counsel, friendliness and patience, but also of her heart and self. From the first days in the little red school house to the moment of her stepping down in retirement, her memory will be cherished by all with whom she came in contact.

Met my old friend, Mrs. Nooncheste, whose husband operates the Nooncheste Tahoe Treasure gold mine near Quail Lake. She actually grows younger appearing with the passing years. She reports her husband's health is poor, although he still puts in regular hours working daily.

Marie Henry and family were pleased to note on Page 41 of the July Holiday magazine an article by Arthur Bartlett, accompanied by color photos by Bradley Smith, giving data on the original old Michael Griswold house in Wethersfield, Conn., the family being forebears of the former Pat Henry's husband, Lt. William Lyman Griswold Jr., of Greenfield, Mass. Illustrations show the saltbox shaped house, rooms inside and furniture of the period. Members of the same family hvae resided there since 1730 and Miss Florence Griswold, termed "an old Yankee maiden," who gave accomodations to several wandering artists in her ancient colonial home in the 1890s, is credited by the author with having started the Old Lyme Art Colony which has since become world famous, many of the masters of the century having worked and lived there.

Am sure the many Lake Tahoe friends of the R. Stanley Dollars Jr. will rejoice with them in the arrival of a 6 pound 12 ounce daughter who arrived at St. Mary's Hospital in San Francisco on July 24. The Dollars will really have something to celebrate about on their eighth wedding anniversary on August 1!

My good neighbors, the Charles Warners, are driving a new Plymouth sedan these days and Mrs. W. is regaining her strength following a recent illness which sent her to the hospital in Reno.

Letters this week from Tahoe City's former winter telephone office supervisor, Mrs. Leta Hull, tell me of the family's newest business venture in Petaluma where she now owns and operates the Mode O'Day Dress Shop and likes it more than anything yet tried. The family formerly operated a chicken ranch, with a beautiful garden, at Sebastopol for several years. She sends regards to their many friends at Tahoe.

Mrs. Charles Cross, now much improved in health, is vacationing with Mr. and Mrs. Jack Rucker of Sonora.

Ring off for the week as grand weather and heavy traffic continue here. Hope you'll all turn out next Sunday for the big Tahoe Boat Company's Regatta, sponsored by Coast Guard Flotilla Auxiliary 61. Barring rough weather, it will be one of the most exciting ever staged at Tahoe. Until next week, adios and good luck all, as ever,

SWANEE

ACCIDENT VICTIM INJURIES BAD DOCTORS REPORT

TAHOE CITY— Word from the Reno hospital bedide of Miss Ginger Fox on Monday was discouraging. Miss Fox wrecked her convertible last Thursday night near the old McClatchy home in the Sunnyside district when the car struck the soft shoulder of the highway, skidded and turned over several times. Two companions, John Boston and Miss Noralee McGill of Whittier, were shaken up. Miss McGill received hospital attention for extensive cuts and bruises. All were employees of May-Ah-Mee Lodge.

An operation was performed Monday morning on Miss Fox. She has remained in a coma since the accident and doctors give her a 50-50 chance of recovery. She is reported to have suffered severe concussion.

Mrs. Louise Fox of Van Nuys is remaining at the bedside of her daughter.

The badly wrecked car was towed to Henry's Tahoe City Garage.

ROUGH WATER AT LAKE MOVES RACES TO AUG. 6

TAHOE CITY— Although a a huge crowd gathered at the Tahoe Boat Company's piers early Sunday morning, the Coast Guard Auxiliary Flotilla 61 Regatta had to be postponed because of rough water. Vice Commodor Fred Main declares that 32 entries arrived for competition and that all regretted the need for postponement but none asked for their entry fees back. All gave assurance they would be back on August 6 when it is hoped conditions will be ideal once more.

Main sent out a number of craft to test the lake surface but all returned declaring it was impossible to race against the east wind that was blowing. A few hours later the wind died down considerably but too late for competition.

The special sports announcer sent over to broadcast over Reno radio station KOH will return next Sunday, as will Commander Wayne of the 12th Naval District from San Francisco, who has replaced Commander Miller.

Latest reports on the regatta to be staged on Sunday, August 6, indicate that the forced delay will prove beneficial in at least one respect. Both R. Stanley Dollar Jr. and Henry J. Kaiser would not have been able by last Sunday to enter racing boats because of lack of time to get them in running order but the week's delay will give both time to ready their fastest racers and both promise to have entries in Sunday's competition.

FREE CHEST X-RAY GROUND WORK IS LAID AT TAHOE

TAHOE CITY— Mrs. Marie Henry, a director of the Placer County Tuberculosis and Health Association, this week announced that Mrs. Veta Owen of Auburn, secretary of the association, spent several days in the Tahoe area organizing personnel to take charge of the free chest x-ray survey which will be made by the mobile unit here August 30. The unitl will be stationed near the Tahoe City post office and will be opened to the public from 10 a.m. to 12 noon, from 2 to 6 p.m. and from 7 to 9 p.m.

It is recommended that all over 12 years of age have the free examination and all children under 12 must be accompanied by their parents. This is the first time that children under 16 have been invited for x-rays as the unit this time is larger and better equipped to handle a larger number of persons than previously. Members of the Tahoe Lake PTA will be on hand to assist in registrations that day, they being the sponsors of the free x-rays in this area.

At Kings Beach, Mrs Alice Sorensen is chairman of the survey in her district and following a call by her to Dr. John Keys, who is president of the North Tahoe PTA, is was agreed they would also sponsor the free x-ray clinic for the north end of the lake. The mobile unit will be stationed on August 31 in front of the Recreational Center at Kings Beach, with hours to be posted at a later date, following a special meeting.

Placer County will issue 100 per cent stickers to business firms whose employees all receive the free chest x-ray and food handling etablishments are particularly invited to take advantage of the badge of honor.

First Rodeo

The world's first rodeo was held at Prescott, Arizona.

BOY SCOUTS HAVE HIKE SERIES TO PRIMITIVE AREAS

TAHOE CITY— The 15 members of Boy Scout Troop 27 of Tahoe City are making plans for their next overnight hike.

Their first trip of the current season was made on July 15. The group, accompanied by their Scoutmaster Stanley Martin and Don Jackson, left around noon Saturday and rode as far as Squaw Valley where they took the Sky Chair to Tower 20. Here they got off and hiked five miles in to Fiye Lakes, where camp was made. During encampment, all passed their cooking and fire building tests and they will receive credit for the hike. Jerry Quam was among those bringing home the limit of trout. The return trip was made entirely by foot.

Scouts enjoying the outing included Michael and Bruce Benjamin, Gary Anderson, Jay Stuart, Danny Sheehan, Bob Fritsche, Maton Record, Lewis Fellows, Jerry Quam, Harley Markham and George and Bob Kneeland.

Martin says their next trip may be taken within the next few weeks to Buck Lake and a four-day excursion is being planned over the Labor Day holidays which will most likely be to Tallant Lakes, approximately seven miles back of Meeks Bay. Pack horses will be used to carry in equipment and an interesting program is being planned.

Troop 27 meets every Thursday night, usually in the chapel on the Episcopal Church grounds, this organization being sponsors of the troop. On Thursday next the Scouts will hold their regular meeting in the Pineland amphitheatre, where a large bonfire will illuminate proceedings.

Martin, whose duties as manager at Tahoe for the Sierra Pacific Power Company keep him extremely busy, will welcome any assistance in fostering better attendance of troop members at meetings and in supervising them during hikes and encampments. He urges parents not only to send their boys to meetings but to come with them and aid in any manner possible so that all advantages may be extended to this organization.

Popular subscription to the Boy Scouts in the Truckee and Tahoe area has been gratifying, Martin declared, the Tahoe Area Council $500 quota for the area being oversubscribed last year by around $500. There is sufficient money in the group's treasury to meet any need at the moment, but Martin would appreciate more parental interest in his young charges and their future programs. Any offer of help will be greatly appreciated.

DOUBLE BIRTHDAY IS CELEBRATED AT TAHOE PARTY

TAHOE CITY— A dual birthday celebration was held at the Dick Hinkle home in the Bittencourt Tract Tuesday night last, honorees being Mrs. Hinkle and Terry Tollefson of Big Chief.

Mr. and Mrs. Hinkle were dinner guests of the C. A. Tollefsons at their home on the Truckee River earlier in the evening, guests gathering later at the Hinkle home in town for refreshments, more birthday cake and a social evening. Those enjoying the affair included Mr. and Mrs. James Astle, Rex and Terry Tollefson, Cliff and Robert Dockham, James Baker, Pete Vanni, Frank Randal and Wayne Clachy.

SILVER WEDDING DATE MARKED AT SUNNYSIDE FETE

TAHOE CITY— One of the gayest parties of the current summer season was held on July 25 at Sunnyside Lodge where Mr. and Mrs. Albert Stevenson of Long Beach celebrated their 25th wedding anniversary. Champagne and steak dinner, topped by a beautifully decorated cake, was enjoyed in the resort's dining room. Gerald Thrall of the Alameda Times-Star drew a special cartoon, which was signed by all the guests.

Those attending the gala affair included Messrs. and Mesdames Victor Wilson, Long Beach; Gerald Thrall, Alameda; Ken Allen, Joseph Joinville, and Ralph Sears, Don Niell and Bill Briner, all of Sunnyside, and Mrs. Ethel Severson of Long Beach, daughter of the honorees.

The Stevensons, Mrs. Severson and son Corky departed for their Long Beach home on Monday.

AT McDONALD'S

TAHOE CITY—Superior Judge and Mrs. Chester C. McDonald of Woodland have opened their Timberland summer home for the season, recent guests being Mr. and Mrs. Les Means of Woodland. Present visitors include their son, Douglas McDonald, and his wife, and William Scarlett, all of Woodland. The judge, who sat on the superior court bench in Los Angeles during the month of July and Mrs. McDonald will arrive soon for an extended Tahoe vacation.

Tahoe Friends Surprised at Recent Elopement

TAHOE CITY— A surprise to their many local friends but not to members of their families was the elopement on July 23 to Las Vegas of Conrad Briner, son of Mr. and Mrs. Ralph Sears of Sunnyside Rerost, Lake Tahoe, and Diane Wasson, daughter of Mr. and Mrs. Fred Wasson of San Gabriel. The wedding climaxes a romance which began while both were attending Stanford University, their engagement having been announced some months ago.

The groom, a premedical student, and his bride are honeymooning at an unannounced spot with plans indefinite for their future home.

Walking Wikanders Visit Tahoe City

TAHOE CITY— Mr. and Mrs. Victor Wikander are in town for several days visiting friends following an extended vacation at their lonely Buck Island Lake summer camp. They will replenish their supplies while in Tahoe City and then hike back four and a half miles from where they park their car at a friend's house to their mountain home. They plan to remain there until the snow flies. They found everything in good shape upon arrival this spring and also found quite a lot of snow and high water.

Both Mr. and Mrs. Wikander are sturdy hikers and spend much of their vacation traversing familiar trails on the mountain area. On Sunday, Wikander, who is in his mid-sixties, hiked 28 miles into Wentworth Springs and back and he and his wife hiked 14 miles together.

Visiting Son—

Mrs. Diamonte Vanni, mother of Pete Vanni of the Bittencourt Tract, has arrived from her home in San Francisco to spend the summer with her son at Tahoe.

North Tahoe

by T. BURROUGHS

The Lake Tahoe Chamber of Commerce, an organization working for the benefit of the entire area, has done much to acquaint those seeking information about our beautiful Lake Tahoe and its surrounding country with its merits. Literature sent out by this organization brings many inquiries to various businesses and resorts for more detailed information concerning availability of accomodations for the vacation minded and so on. One such inquiry has resulted, from first booklets sent out by the Lake Tahoe Chamber of Commerce, in a visit to this section of the country by Mrs. Wm. Storey and party of seven of Winston Salem, N.C. The interesting thing about this party's visit to the lake is that it includes members of three different families who have toured the country extensively — in Victoria, B.C.; the Rockies and many other sections. All are agreed that Tahoe offers more awe inspiring beauty than anything to date. Other members of the party are Mrs. H. Hensil and sons Harry Jr. and Dick, with their friends, Wally H. Harrison, Phil Horton and Carter Walker. All are from Winston Salem and connected with the lumber industry there. The Copes of Bear Street Motel have the honor of providing accommodations for the visitors.

Dan Cupid never quits. That little fellow is always on the job. To prove it, Herschel Hill and Dorothy Hartman were married in the First Methodist Church in Reno on Sunday, July 30. Maid of honor was Mrs. Hill's sister-in-law, Mrs. Elmer Bush while brother Elmer served as best man. The bride wore a powder blue formal with fingertip veil and blue accessories. Her attendant also wore blue. The bride's bouquet was of white glads and orchids. She is the daughter of Mr. and Mrs. Adolph Alcione. Herschel is the son of Mr. and Mrs. J. Hill of Kings Beach.

After solemnization of the marriage ceremony, a banquet at the North Shore Club was enjoyed by the following guests: Messrs. and Mesdames Noble T. Murray, Otis Wing, Al Garrow, E. J. Stokes, Elmer T. Bush, and the bride's brothers, Charles, R. Bush and Jackie Alcoine. From the North Shore Club the party moved to Cal-Neva where the pianist played a couple of appropriate tunes for the newly-weds after which a reception was held at the J. Hill home in Kings Beach. The couple will make their home in Tahoe City where both are employed.

Andy, of Andy's Boat Company, reports some good catches coming in at his pier during the past week. The best, of course, goes to a first time fisherman at Tahoe, Herbert Shaw of Reno, who brought in a 10½ pounder as well as a little ol' four pounder.

Friends of Ace Abbott are sorry he is ill and will be glad to see him back on the job again soon, as good as new.

Mrs. Dennis Adams, being employed in southern California, manages to fly up to Reno where her husband meets her with the family car and brings her to God's own Lake Tahoe for occasional weekend visits.

Mrs. Margaret Gaunner, mother of "Pappy" Brooks, is up from Paradise for a visit.

Little Virginia Baker has a broken foot in a cast as a result of falling from the porch at her home one day last week.

Bill and Ione Wiseman, with the Howard Copes, took an all day fishing trip to Webber Lake last Monday, leaving before daybreak in order to have breakfast in the woods and work up an appetite for those, sure to be caught in the forenoon for that luncheon and dinner in the woods before the trip back home.

Our little globe trotter, Ann Blaue, was delightfully surprised last week when her grandson and his wife, Mr. and Mrs. Cleo Gindler, with their two children Donnie and Janet, all of St. Louis, Mo., dropped in for a visit. After a night at Tahoe, the vacationers continued on to San Francisco to visit other relatives after which they will journey on to Los Angeles before starting the return trip. "Lake Tahoe is a wonderful place. We'd like to stay longer," said the Gindlers.

Women's Society of Christian Service will meet at the home of Mrs. Glunt at two o'clock in the afternoon of August 8. Everyone is welcome. This society will hold a food sale and bazaar on August 19; place to be announced later.

Blowout of a rear tire was blamed for an automobile crash on Mt. Rose Road late Sunday in which Joyce Bryan, 18, Reno, and Bob Osborne, 19, of Brockway suffered painful injuries. Miss Bryan was taken to a Reno hospital for treatment of extensive cuts and bruises while Osborne was treated for less serious injuries of the same nature.

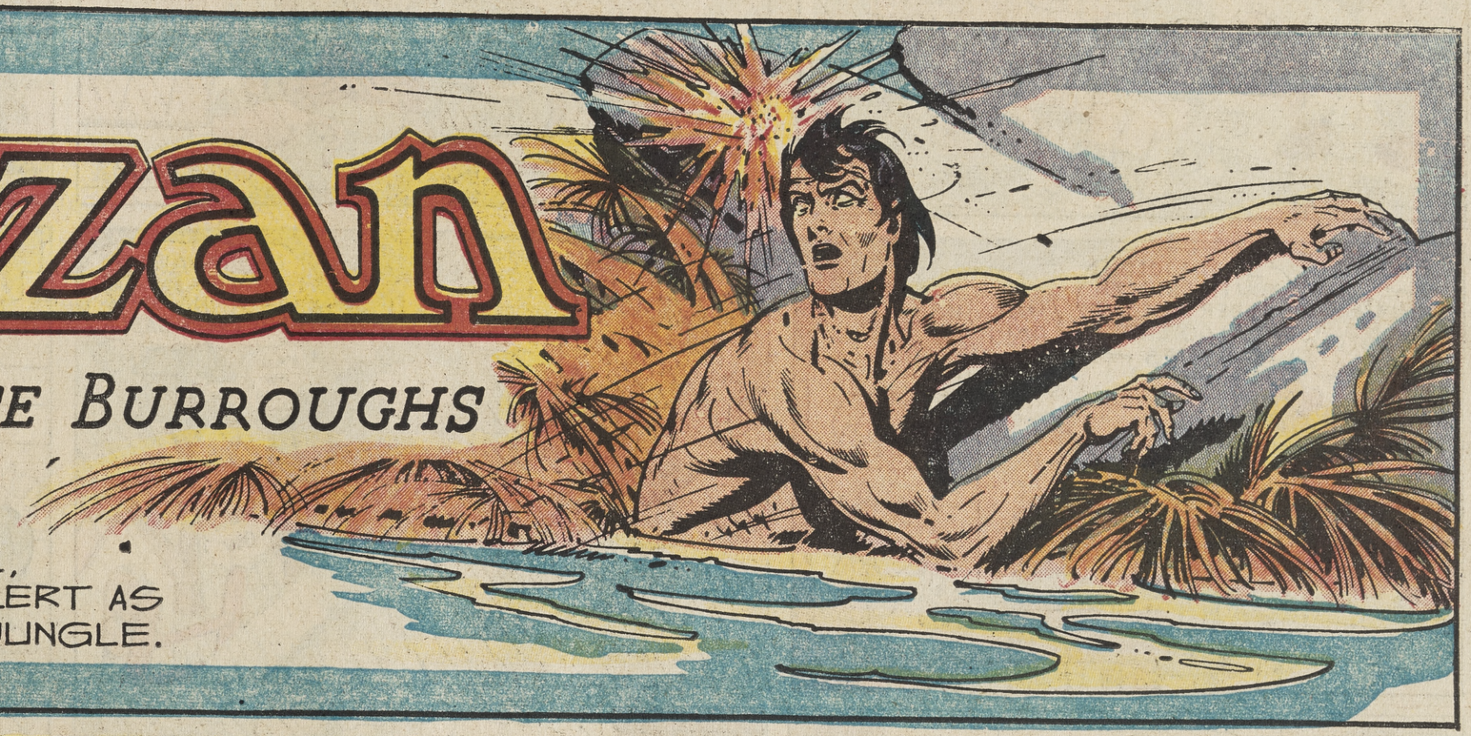
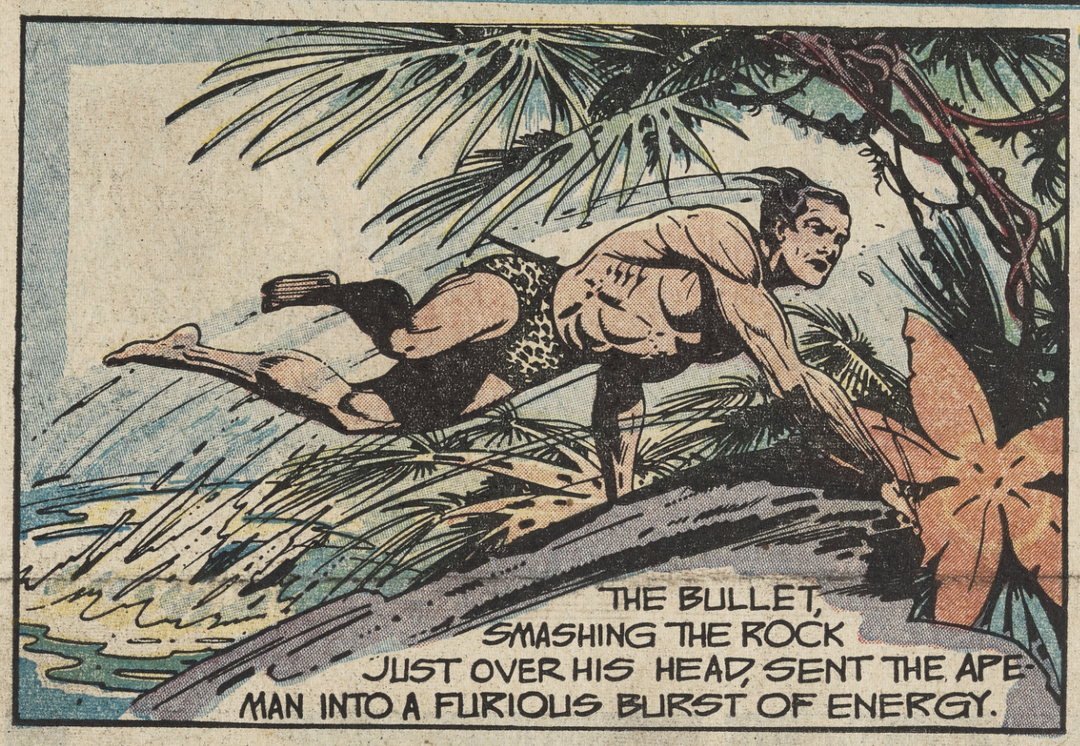
Tarzan

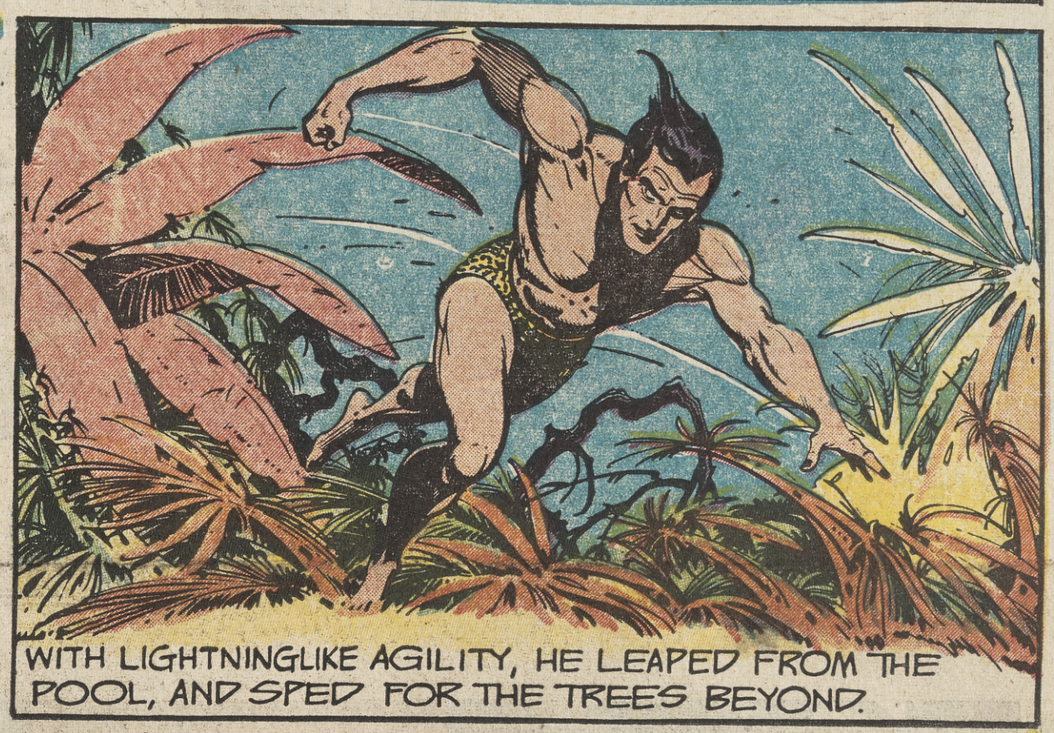
by EDGAR RICE BURROUGHS



RELAXING IN A SECLUDED POOL, TARZAN SUDDENLY BECAME ALERT AS A SHOT RANG OUT IN THE JUNGLE.

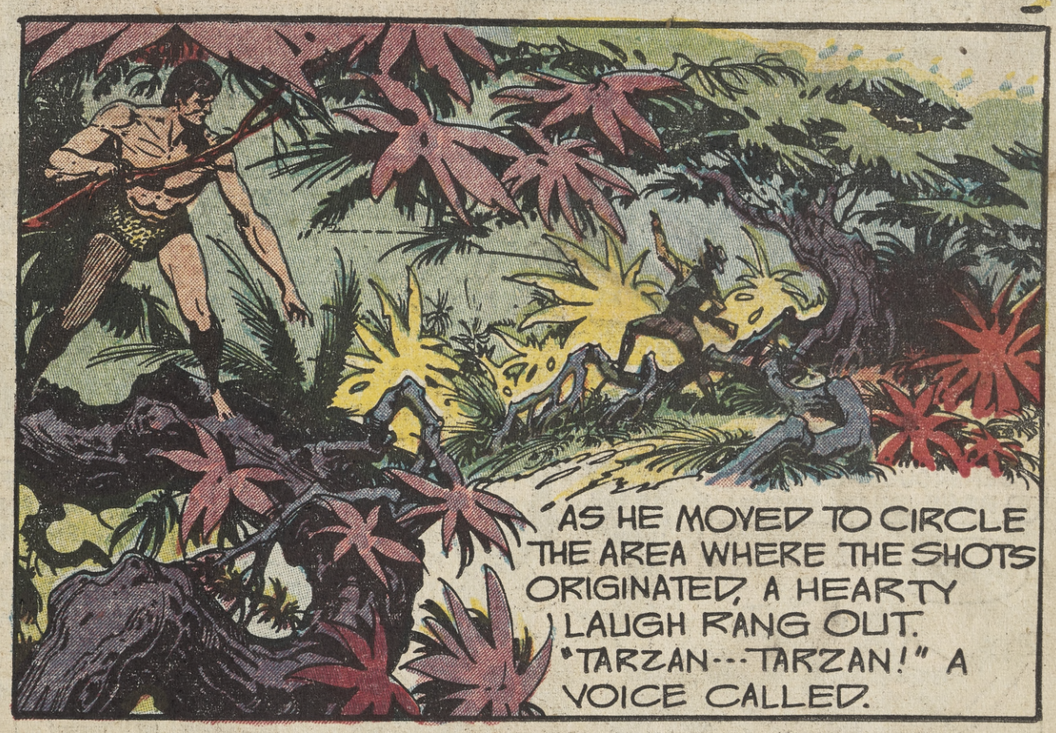


THE BULLET, SMASHING THE ROCK JUST OVER HIS HEAD, SENT THE APE-MAN INTO A FURIOUS BURST OF ENERGY.

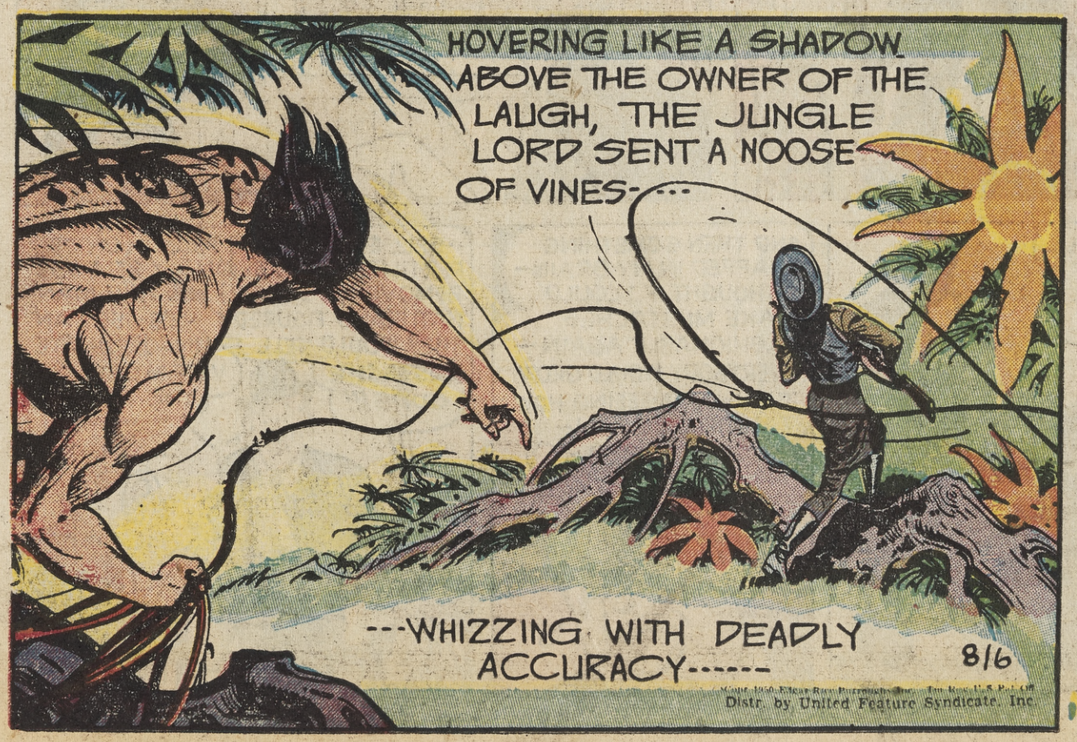


WITH LIGHTNINGLIKE AGILITY, HE LEAPED FROM THE POOL, AND SPED FOR THE TREES BEYOND.

ANOTHER SHOT RANG OUT. DUCKING AND DODGING, THE APE-MAN LEAPED HIGH, AND DISAPPEARED INTO THE TREES.



AS HE MOVED TO CIRCLE THE AREA WHERE THE SHOTS ORIGINATED, A HEARTY LAUGH RANG OUT. "TARZAN---TARZAN!" A VOICE CALLED.



HOVERING LIKE A SHADOW ABOVE THE OWNER OF THE LAUGH, THE JUNGLE LORD SENT A NOOSE OF VINES-----

---WHIZZING WITH DEADLY ACCURACY------
